How to read this ticket

Your ticket is eligible to win a prize in each of golf's 4 major championships. In each of these tournaments, your ticket is randomly assigned 5 golfers (see above). Prizes are awarded at the end of each tournament to the tickets whose 5 golfers have either the best or worst total combined score (see front of ticket for prizes). In case of ties, GolfMania "Weighted Scores" are used to determine winners. Each round is weighted differently so that golfers who do better in later rounds do better in the tiebreaker (see web site for weighting details). Official rules, results, and winners can be found on the website at...

→ www.charitymania.com ←

GolfMania 2008 rules

1) Each tournament's prize money winners are based on the combined scores (i.e. strokes) by the tickets' 5 golfers for that tournament. If a golfer does not finish all 4 rounds (misses the cut, gets injured, etc), the golfer's highest score from his completed rounds will be used as his score for all non-completed rounds. 2) If two or more tickets are tied with the same score, then the GolfMania "Weighted Score" (see above) is used as a tiebreaker. 3) If a golfer does not participate in the tournament, CharityMania will replace that golfer with the next highest ranking golfer who is not already on any of the GolfMania tickets. Replacement golfers will be posted on the CharityMania web site. 4) Minimum odds of winning: 1 in 37.7 per ticket; 1 in 149 for each tournament. 5) No purchase necessary to play. Void where prohibited. 6) See website for complete rules, eligibility requirements, winning tickets, termination dates, and ways to obtain a ticket.
