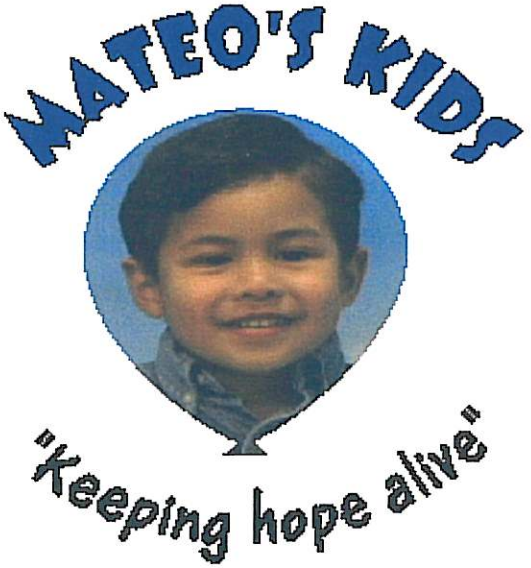
Mateo's Kids is a charitable organization whose purpose is to help keep hope alive for sick children and their families. Our goal is to provide both financial support for a sick child's medical needs and emotional support for their family.

Our annual fundraising event raises funds which are directly given to the recipient's family to purchase:
- medical supplies
- custom wheelchairs
- handicap ramps
- bathlifts
- etc.
These items help parents caring for these children a little bit more manageable and a lot safer.



Funded entirely by the generosity of the community and corporate donations. Your support will enable us to maintain and expand our efforts to financially help and emotionally inspire these families in times of despair and help keep hope alive.

To see upcomming events and more information go to our website www.mateoskids.com

On behalf of these sick children whose lives are touched by your kindness, we wish to express out heartfelt gratitude!

Mateo's Kids was founded in loving memory of Mateo Casimiro Rotger. He was diagnosed with a rare, inoperable brain tumor at 5 years old. In spite of all the prayers and financial assistance from the community, Mateo lost his battle on Sept. 25, 2005. And though his life was short, his story still inspires hope and generosity for many people to this day

Your donation is tax deductible 501(c) (3) 20-3853324

Hope sees the invisible, fells the intangible, and achieves the impossible.—Charles Caleb
